### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jiawei Huang on 28 November 2005.

The application has been amended as follows:

1. In claim 1: Add the word – the – between “of” and “conductive layer” at the end of the claim.
2. In claim 10: Replace “the other” with – an –.

### DETAILED ACTION

#### ***Allowable Subject Matter***

3. **Claims 1, 3-6, 8-10 and 25** are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claim 1: This claim is allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a multi-colored electroluminescent filament comprising a conductive metal core wire, a medium insulating layer coated on the core and is a mixture coat of flexible binder

Art Unit: 2883

having cyanoethyl as its base and BaTiO<sub>3</sub> powder with a thickness of 25 μm to 60 μm, a light emitting layer coated on the medium insulating layer, a conductive layer coated on the light emitting layer, one or more conductive transmission wires wound on the conductive layer and either a transparent polymer casing tube or color polymer casing tube disposed on the wires and outer surface of the conductive layer, in combination with the rest of the claimed limitations.

With regard to claims 3-6, 8-10 and 25: These claims are allowable over the prior art of record because they depend from an allowable claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
